Isaiah's message reminded the people that God's love was all around and deep inside them.

- How do the people you love remind you that God's love is all around you?
- How does your love for your family and friends remind you that God's love is deep inside you?

Isaiah reminded the people that there was enough of God's love for everyone.

- Do you have love enough to share?
- What are some small ways you might share God's big love with others?
